WHO KILLED OUR KIDS offers families of unsolved homicides access to tools that may help solve their loved one's murder (and possibly others). WKOK distributes photos and posters in prisons, jails and in the streets. In addition, WKOK offers exhibits and memorials for families of an unsolved homicide. WKOK members will walk with family members through neighborhoods where homicides have occurred, using media and video stories for continual exposure, and to maintain public awareness by keeping a "face" on the victim. If you have a loved one whose homicide has not been solved, call us at **513 390-0565**. We will help you get the information out in the public at no cost to you.

651 HOMICIDES have occurred since 2000.

40 in 2000, **63** in 2001, **66** in 2002, **75** in 2003, **68** in 2004, **79** in 2005, **89** in 2006, **68** in 2007, **75** in 2008, and now **28** in 2009*.

419 of those cases have been **SOLVED** by Homicide with witnesses coming forward. Continued exposure has been a significant tool in solving numbers of cases. And almost all tips to solving these cases were called in anonymously to **CRIME STOPPERS (513) 352-3040** with cash payments of up to \$1000 for tips that lead to arrest.

234 of those remain **UNSOLVED**, but... someone knows what happened. There were **10** in 2000, **27** in 2001, **22** in 2002, and **22** in 2003 and **24** in 2004, **24** in 2005 **26** in 2006, **28** in 2007, **35** in 2008 and **16** in 2009*. These cases can be solved. With your help and any information you may have, the families of these victims can have justice and some closure for the murder of their loved one.

Some of these cases have ONE SUSPECT responsible for numerous murders. Information needs to be brought to the surface to bring these people in and prevent future homicides.
